

Torcello, Rialto and **Cannaregio** are the names chosen for the models: three women's frame's produced in a limited edition of just 600 pieces each. The unique nature of this project is underscored by its exclusive packaging. The purposely-designed box is like a small treasure chest containing the glasses. These are in turn in a leather case along with a pendant to be worn around the neck, made of the very same Murano glass as the type used for the temple insert.

The forms are extremely feminine and eye-catching, but never excessive. There are 3 colour variants for each model. **Venice to Wear**: exquisite, exclusive and trend-setting eyewear. A must-have by **RYE&LYE**.
